#### Of Interest To Women.

To such women as are not seriously out health but who have exacting duties of health but who have exacting duties to perform either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to bursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nervine. By its tinely use, much serious sickness and suffering may be avoided. The operating table and the voided. The operating table and the surgeona' knife, would it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescrip-

to in good time. The "avortice restaint then" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering child-birth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSI-TION, a full list of all its ingredients being but is a MEDICINE OF KNOWN CORPORTION, a full list of all its ingredients being printed, in plain English, on every bottle-wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's poculiar weaknesses and allments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the allments for which "Favorite Prescription" is recommended. A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

THAW AT MATTEAWAN. Adjudged not guilty of the murder of

Stanford White, by reason of insanity at the time the atal shots were fired, Harry Kendall Thaw, as stated in the Gazette of that day, was on Saturday held by the court to be a dang-rous lunatic and was whirled away from New-York to the State hospital for the crimina! insane at Matteawan.

Thaw arrived there at 9:30 o'clock hospital for the criminal insane, where the will remain for a week or two, notel Salve is for sale by. W. F. Creighton the authorities can note his mental condition and make some definite arrange ment for his future stay in the institu-

The trip from New York was made without incident. Thaw chatted con-santly with his attorneys, and smoked several black cigars. He gave out a statement on the train, in which he declared that his stay at the Matteawan would be brief. His counsel, he declared, would sue out a writ of babeas corpus in his behalf as soon as they had the desired proofs in band.

The spent his first night at the Mat-teswan State Hospital in ward No. 1 His companions, numbe ing about sixty, paid no more attention to him than i accorded to any other new arrival at the institution. For the first time in his life he became as one of the commet

He was assigned to a cot beside Quimto Appo, the Chinese murderer who slew Paul Kelly, he prize fighter, hirty-three years ago. For an hour or two he was compelled to listen to the maudiin ravings of the old Celestial, who imagines he is the owner of a hundred or two \$10,000,000 hotels and all that goes

All in the ward are white men with the exception of Appo and a negro who occupied a bed three or four removed from Thaw. Many patients imagine them selves millionaires. Than is looked upon as a pauper by them.

Thaw passed a restless night. Yesterday morning he went to the shower bath

and washed. He completed his toilet at 6:50, in time to march to the men's dining hall, where 300 inmates are served by the more rational patients. He ate sparing-ly. The food was wholesome and well

The worst hardship he has had to undegro as yet is being deprived of cigarettes. He is an inveterate smoker. Being compelled to break off suddenly has resulted in a great strain upon his perves. He became angry about it at first, but the doctors were inexorable.

The patient may be allowed to smoke out in the court when taking his daily exercise, although this depends largely upon circumstances.

At 11:45 o'clock Thaw was ushered into the dining-ball, where a dinner, consisting of rosat pork, potatoes, sauer-kraut, and coffee, was served. He are more heartily than at the morning meal. His supper was served at 5:15 o'clock. It consisted of preserues, cake, and tea.

UNEASINESS IN SPAIN.

The assassination of King Carlos and Crown Prince Luiz Philippe has created general sorrow in Spain, but at the same time it has awakened the fears that once obtained that a recrudescence of anar-chistic deeds are nor impossible in the Spanish monarchy, where the propagands of the anarchists already has secured for them a strong foothold.

It is understood that for a long time

there has been active communications between the radical revolutionists of Porugal and Spain, having in view the acting in accord at the psychological

These facts induced the government yesterday to take a firm grip on the Spanish situation, with the intention of forestalling a possible outbreak of vio-lence toward the monarchy.

King Altonso was hunting at Lacher when he received the news of the assasination of the King and Crown Prince of Portugal. He immediately canceled all his engagements for fee ivities attending his visit, and will probably return to Madrid tomorrow.

An extraordinary meeting of the cabinet was held yesterday. This has given rise to a rumor that Spanish troops may be sent to the Portuguese frontier. All the officers of the Madrid garrison are confined to barracks, and there is great ac-

tivity at the n inistry of war.

The King has instructed the colonel of the Castilla Regiment, of which King Carlos was an honorary colonel, to pro-ceed to Lis on and watch at the bier of

the dead sovereign.

King Alfonso will be represented at the funeral of his brother-in-iaw, the Infante Fernando, who is the husband of the Infanta Maria Teresa.

Under the terms of the bill as passed, the corporation commission is given no duties in connection with the enforcement of the law. Our Annual February Sale

\_\_OF\_\_

### FANCY AND ODD FURNITURE.

We inaugurate today our Fifth Annual February Sale of Fancy and Odd Furniture. It presents a splendid collection of useful, practical, and decorative highgrade furniture for all parts of the house except the kitchen

At 25 to 50 Per Cent Below Actual Values.

The variety is larger and more comprebensive than any we have ever as-

Our buyer spent several weeks visit-ing the leading factories in the North, East, West and South—factories whose names stand for all that is best in furniture-securing their productions. As a result, several carloads are slready here, and more are coming. And, beespecially for this sale, we shall add the one-ol-s-kind pieces of our own splendid stock at reduced prices. And notwithstanding the goods are offered at quarter to a half less than the usual prices, the construction and finish are unsurpassed and thoroughly reliable.

A particular feature of this sale is the large proportion of one-of-a-kind Pieces and Suites—there being in but few instances two just alike—thus affording exclusiveness in choice. And by going direct to the factories and making our own selections, we not only secured goods at the lowest prices, but also secured various lots, representing all the makers had of this or that particular kind, together with sample pieces, at

very decisive price concessions. It affords an opportunity to housekeepers to add pretty and odd pieces of furniture to the house at a small expenditure, and enables proprietors of notels and boarding-houses to secure what may be needed in the furniture line, in the latest effects, at a great sav-
